

DEAR STAR ACADEMY PARENTS,

### Important Friendly Reminders:

At this time, we know there are many questions and concerns that you may have about what our school is doing since the COVID-19 crisis. As always Star Academy's main priority is the wellbeing of our families and staff. Our staff has been working diligently to maintain the cleanliness of our school. We are doing everything we can to minimize the spread of any communicable diseases.

We had a visit from Southern Nevada Health District recently and they have placed some new regulations to keep our families and staff safe during this time.

- No more than 10 people can be in each classroom until further notice.
- We will ensure that each child is screened by temperature (per the CDC, 100 degrees F is a fever) if a child has a fever they cannot be allowed into our facility.
- All bedding must be brought home and washed every day.
- All toys, playground equipment, and surfaces must be disinfected and sanitized after every use.
